

AT STILLWATER.

Frank Leslie Falls a Victim to Highwaymen.

A telephone message to the Leader from Stillwater says: Night before last Frank Leslie, postmaster and merchant at Floyd, a country store in the northeast part of Payne county, was held up and robbed of \$1,264. He had gone to Perry the day before where he had sold \$545 worth of fat hogs and had just returned home. A short time after dark three men, one disguised by wearing woman's clothing and blacking his face, came into his doorway and meeting Mrs. Leslie near the front door, inquired if they could come in and warm. Being told that they could they came in and the one dressed as a woman thrust a gun in her face while another covered Mr. Leslie with a gun and demanded his money. He gave up some silver but they called for his "hog money" and when they had received it one exclaimed, "We are now in town with a pocket full of rocks." It is supposed that the parties are acquainted with his business transactions and knew he had this amount of money.
